DOCUMENT TITLE: Report of K-12 Activity No.3 Elocution Competition conducted on 26 th August,2023		
Issue Date: 29 August 2023	Revision No: 1	Issue No: 1

Goals and Objectives:

Aim of this event was to help students improve their communication skills, including speaking fluency, articulation, clarity, and voice modulation. Through practice and feedback, students learn to express their ideas effectively and engage with the audience. Provide a platform for them to overcome stage fright and build self-confidence

Description:

“An eloquent speech does not reach from the lips to the ears rather it reaches from heart to heart.” With this thought in mind, the students of Utkal high school prepared themselves for elocution competition that was conducted on 26th august 2023.

All the students present witnessed this event and their presence was a motivation and encouragement for all the participants who stood with fervor to speak out their voice in this event.

The members Omkar Ghole (K12 Chair) and Vilas Kodam (Co K12 Chair), explained the students the rules and the topics of the competition. The teachers who were appointed in the jury panels were Mrs. Cleto Pereira (the faculty advisor of ISHRAE, DBIT) , Mr Mahesh Rajwade (faculty of DBIT).

The participants were allowed to speak on one of the given topics for a duration of 2 mins.

- Importance of Education
- Digital India
- Unity in Diversity
- Child Labour

Parameters like content, confidence, gesture and presentation were set as criteria for judgement. The event commenced with the introduction of the participants followed by announcing the rules of the competition again and was followed by a huge round of applause by the students. Each student delivered their level best performance and kept the show alive with their fiery speeches.

The audience were also given a chance to add up their opinions on certain issues. An elocution competition for students was event where participants showcase their public speaking skills by delivering prepared speeches or reciting poetry. It is a platform for children to express their own well-being and improve their communication abilities, and gain confidence in speaking in front of an audience. Competitors are scored on qualities like clarity, articulation, voice modulation, emotion, and overall presentation during the competition. Elocution competitions are an excellent way for students to express their oratory talents.

Checked by:	Simran Ahiwale		

The Elocution contest concluded with praises for all the contestants and encouragement for all the other students to step forward in such events in the future.

The winners of this events were applauded and encouraged by giving presents.

Therefore, we believe that elocution competitions provide a valuable platform for students to develop their skills. By following the rules, focusing on the objectives, selecting engaging topics, and referring to more elocution examples, competitors can foster personal growth, critical thinking, and appreciation for the power of effective communication.

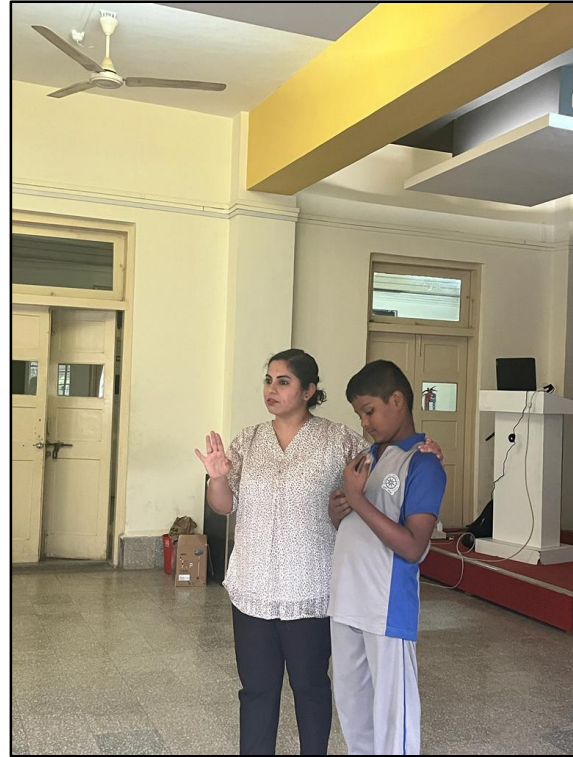

Also, the members of ISHRAE student chapter got an opportunity to organize and manage a creative event for small children. The members participating were Simran Ahiwale, Omkar Ghole, Sahil Jadhav, Vilas Kodam, Jae Hindalekar and Pranav Bhatkar. Active participation of students and team work of the student chapter members made this session a huge success.
